

SoCal NAVHDA Rattle Snake Avoidance Clinic at Prado Dog Park, Chino, CA Sunday, April 15, 2018 at 8:00 a.m.

Rattlesnakes are a big problem here in California for dog owners.

Here are two of the ways that your dog can be bitten by a rattle snake:

- 1. Hunting dogs with their high prey instinct will attack a rattle snake attracted by the movement, the sound or the smell of a snake.**
- 2: A dog running at full speed during hunting/or playing in open space can step on or run by a rattle snake and get bitten.**

To avoid this from happening:

- 1. Train your dog to avoid a rattle snake with [Rattle Snake Avoidance Clinic Training](#).**

The SoCal Chapter of the North American Hunting Dog Association is offering a Rattle Snake Avoidance Clinic at Prado Recreation Dog Park in Chino on Sunday April 15, 2018 starting at 08:00 a.m. at the Guido Dei NAVHDA Pond area. <http://www.prado-recreation.com/>

The cost for the clinic is \$60 per dog. There is a \$15.00 entry fee to the park. Members and, as a public service, non-members are welcome to sign up for this clinic. Your dog does not have to be a hunting dog to benefit from this training. Any dog exposed to open space where there could be snakes present will benefit.

You may sign up by email at <mailto:socalnavhda@gmail.com> and make your check payable to So. Cal. NAVHDA for \$60.00 per dog and mail to:

**SoCal NAVHDA
3672 Center Ave.
